

Grandimpianti Ironing

Introduced to you by
Advance Laundry
Equipment, part of the
Advance Group

Maximum Contact, Maximum Heat, Maximum Quality!

Grandimpianti's unique aluminium basin ensures:

- Excellent conduction, allowing faster heat-up time
- Energy savings through reduced heat loss
- High-quality and consistent ironing

Low maintenance costs!

- Washable roller cover
- Coating is lifetime guaranteed!
- Simple roller ironers, making them less prone to breakdown

Precision temperature control

- Electronic speed to suit the material type ensures superior drying results.
- Digital temperature control from 0°- 180° in 1° increments!

The widest range of basin heated roller ironers available in the market!

- 4 families:
 - 18cm cylinder = 3 models
 - 25cm cylinder = 8 models
 - 30cm cylinder = 10 models
 - 40cm cylinder = 6 models
- Have your own tailored model or version, in terms of capacity, heating sources and roller covering

We have the answer to your ironing needs!

Dryer Ironers

We also supply a fantastic range of Dryer Ironers, allowing you to:

- Iron the laundry straight after spin
- Iron with a high residual humidity of up to 45-50%
- Increase productivity
- Ease of use

Professional Ironing Tables

- We provide a range of professional ironing tables, with standard heated and extracting ironing board
- Accessories on request include:
 - Sleeve-ironing board and cushion
 - Stain remover gun and second iron
 - No-boiler version
